YOUR WINDOWS, YOUR DOORS, YOUR STYLE

WINDOWS AND DOORS COLLECTION

BECAUSE YOUR HOME MAKES A PERSONAL STATEMENT ABOUT YOU, WE KNOW THAT YOU WANT IT TO LOOK ITS BEST

QUALITY WINDOWS AND DOORS

Pinefield Glass is a leading PVC-U manufacturing specialist using the latest technology to offer a wide variety of windows and doors.

Available in different styles, colours and finishes, they will transform, modernise and complement the existing design of your home, all at an affordable cost.

Our products deliver the highest standards of energy efficiency, durability and aesthetics and are fitted with sealed units incorporating warm edge technology. From Modus High Performance Windows, Vertical Sliding Sash Windows to Composite Doors, Bi-fold Doors, French and Patio Doors.

Within our window and door range we also have energy efficient products, which alongside our closed loop recycling policy means a high level of our products are recycled. Thanks to advances in recycling, PVC-U windows and doors are the first choice material for sustainability nowadays, great for your home, your pocket and the environment.

All windows and doors come with a 10 year guarantee.

QUALITY WINDOWS

Using intelligent design and the latest technology, we offer a variety of different styles and types of windows to suit your needs.

All PVC-U windows are fitted with sealed units incorporating warm edge technology, gas filling and come in different styles of frame and beading.

Our PVC-U windows are versatile so you will find an attractive, secure, energy-efficient style to suit your home.

MODUS WINDOWS

WHITE

All are energy efficient with leading thermal performance and low maintenance. With excellent thermal performance of U-values as low as 0.8 with an A+ BFRC energy rating, means your bills will be lower as you lock heat into your home.

Because of its superior thermal performance that is cost effective, this makes the Modus range a genuine alternative to aluminium and timber products.

CASEMENT WINDOWS

High-quality casement windows will instantly improve the appearance, comfort and security of your home or building.

Nothing competes with their sleek, classic appearance that adds an enviable dimension to your home. This simple and functional window design is ideal for all types of property.

Choose from two distinctive styles of frame and beading: chamfered offering a contemporary, straight-edged style and ovolo sculptured beading which gives a more traditional, decorative finish to your window. These can be top/side hung to match your individual preferences. Offering you greater choice, higher quality and value for money.

Slim frames give an unobtrusive appearance which maximises the area of glass in your windows. This allows plenty of light to flood in, giving you a better view of the outdoors.

Casement windows are available in a wide range of sizes and colours to suit your property, with each window being produced individually. No matter what the age, style or size of property, colours are matched across our entire range of window and door products, for a perfect consistent overall finish.

The window frames feature an advanced multi-chambered cross section which keeps cold air out and warm air in for maximum technical performance. This means we can create windows that meet the highest energy efficiency ratings. Designed to enable air to circulate constantly for maximum ventilation.

They are durable and robust, giving long-life, low-maintenance performance, with no need for painting or other treatments. They are fitted with high security locking mechanisms too for added security.

It's easy to see why this style of window is one of our most popular styles.

TILT AND TURN & REVERSIBLE WINDOWS

Tilt and Turn window in Moondust Grey

Tilt and Turn Windows

If you want to add a modern edge to your home or property, tilt and turn windows will instantly create a striking and sophisticated impression.

Tilt and turn windows make the most of their glass panels to let light and air flood in, for a bright and fresh environment. Keeping your windows clean and bright is easy, as the innovative mechanism offers wide side-opening for safe and simple cleaning from the inside of your home.

Open wide in the summer to bring the outdoors in and, when it's cold and wet outside, keep your home well-ventilated using the intelligent top-fixed tilting mechanism.

A choice of opening style combinations (single or multi-window panes) are available to suit the architecture of your home as well as decorative features such as clean-cut lines or a more decorative, traditional finish.

Reversible window in Anthracite Grey

Fully Reversible Windows

A fully reversible window gives a contemporary impression to any home.

Its intelligent design with rotating action means the sash never protrudes inside the building, leaving window sills free for use all-year round.

Designed to invite maximum light into any room with easy maintenance, their unique 180 degrees reversible action means you can clean the external glass on upstairs windows from the inside of your home property safely and securely. Child-safety catches can be fitted to restrict the aperture so that children cannot fall through, while still allowing high levels of ventilation.

The secure night ventilation - integral night ventilators means you can keep your room fresh and airy through the night and exceptional draft proofing (three chambered cross section) keeps cold air out and warm air in.

VERTICAL SLIDING SASH WINDOWS

Vertical sliding sash windows offer a classic look for your home, with all the high-performance, low maintenance benefits of PVC-U. They offer a workable solution for conservation areas with their traditional design offering aesthetics of period charm.

Modern sliding sash windows combine the classic aesthetics of a beautiful sash window but with the modern security and performance that today's homes need with low maintenance and exceptional thermal insulation.

Each sliding sash window is individually fabricated with a wide range of colour and style options available, so you are sure to find a look that suits your home.

MAKE AN ENTRANCE...

Composite door in Golden Oak

Composite door in Gothic Black

It's important that your entrance door complements the style of your property, which is why Pinefield Glass offer a variety of different styles and types of doors for most applications required.

All of our composite and PVC-U doors are fitted with sealed units incorporating warm edge technology in a large range of glass designs and colour options available.

Composite Doors

Everyone wants their front door to look good, but security, maintenance and thermal efficiency are all important too. You get the best of both worlds with a Composite door, its classic, high quality appearance yet advanced engineering, design and technology creating a look that is perfect for your home.

High-tech security with smooth operation - latest 'anti-bump' and 'anti-drill' cylinder lock with 'anti-snap' cylinder guard and multi-point locking mechanism for greater security protection, giving you peace of mind your door is safe and secure.

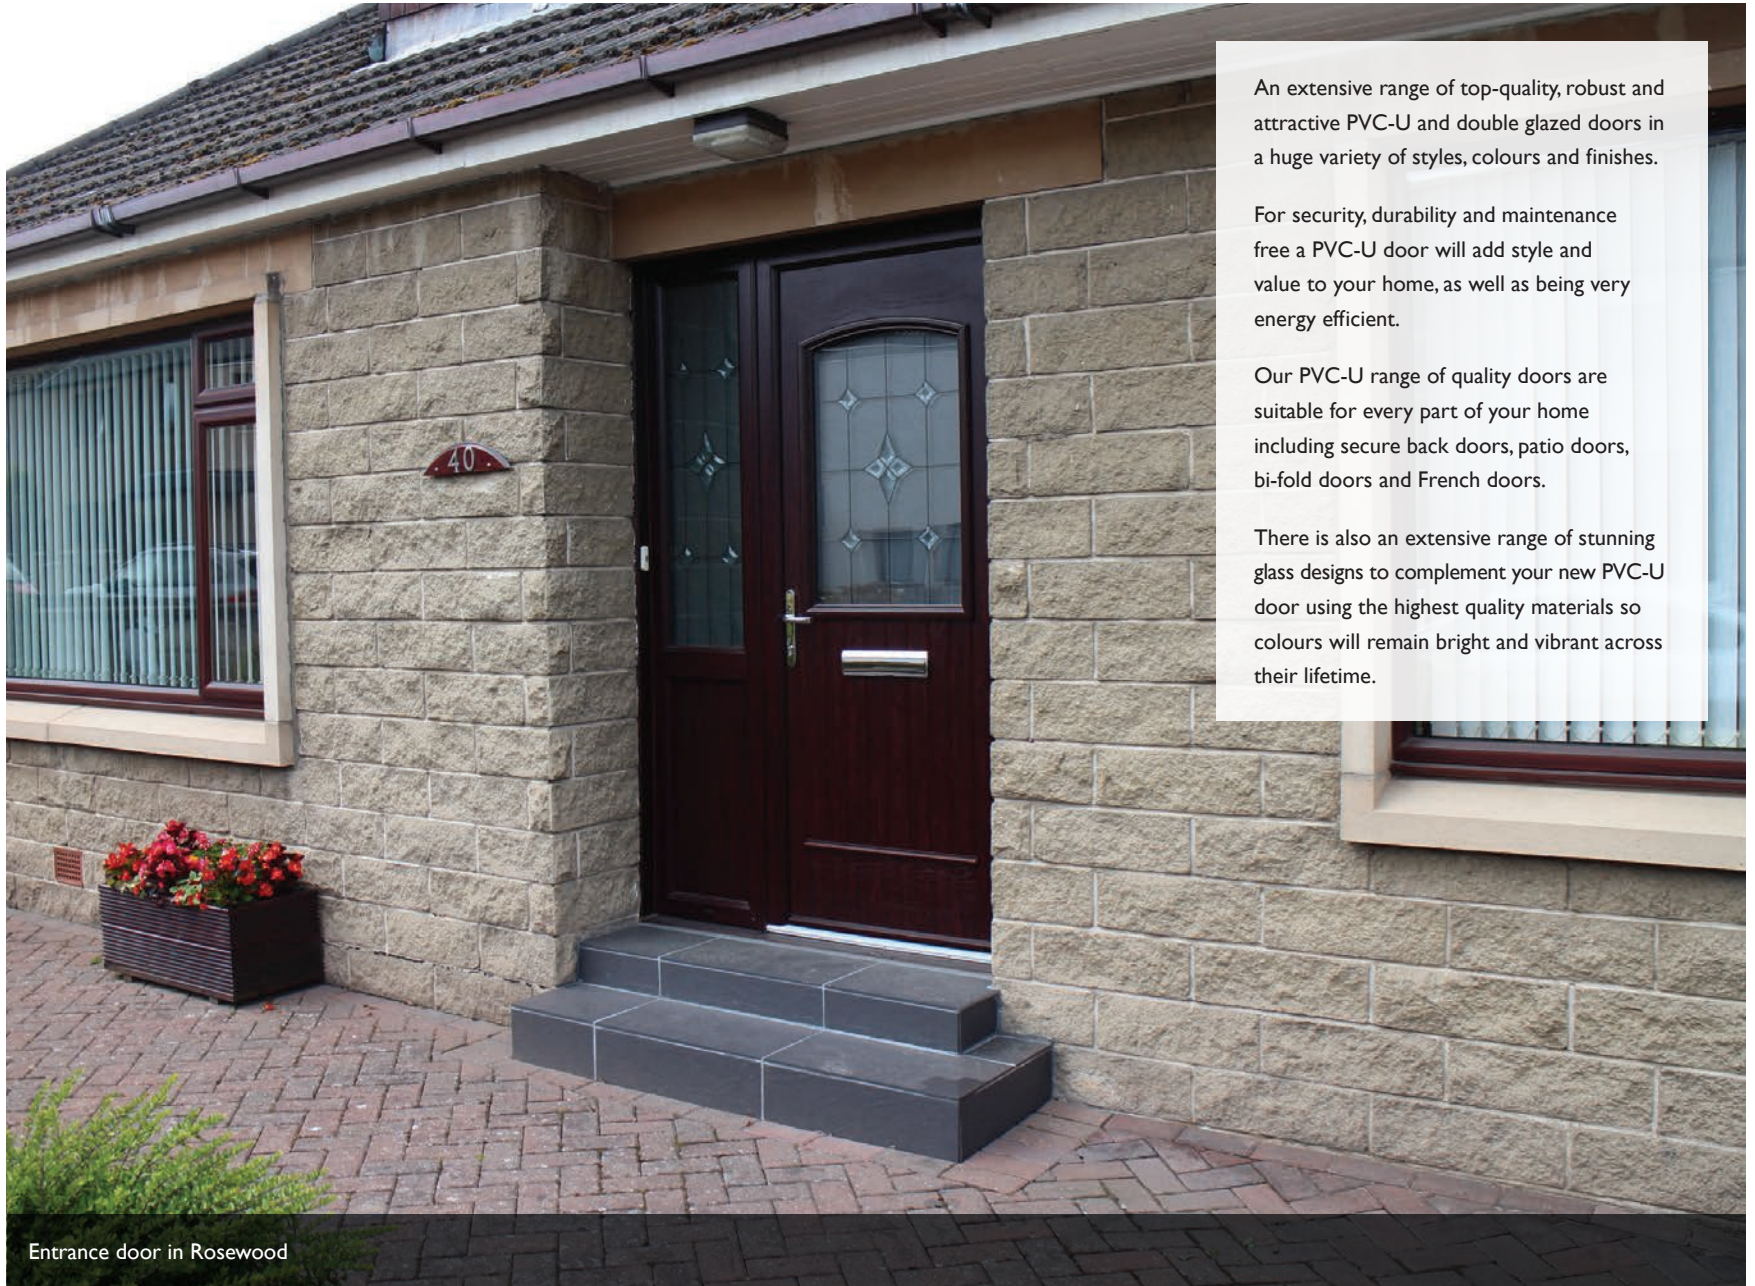

Other benefits include up to six times the insulation of a timber door keeping your home warm and heating bills down, draught proof design to protect against the elements, thermal inserts for better energy efficiency and low level threshold for easier access, perfect for prams, wheelchairs or bicycles.

Many door styles, colours and glazing options available will remain vibrant across their lifetimes, from the contemporary to the traditional all at an affordable cost whilst not compromising on quality or design. We can offer a door painted to the colour of your choice using our own in house paint plant.

Composite door in Anthracite Grey

PVC-U DOORS

An extensive range of top-quality, robust and attractive PVC-U and double glazed doors in a huge variety of styles, colours and finishes.

For security, durability and maintenance free a PVC-U door will add style and value to your home, as well as being very energy efficient.

Our PVC-U range of quality doors are suitable for every part of your home including secure back doors, patio doors, bi-fold doors and French doors.

There is also an extensive range of stunning glass designs to complement your new PVC-U door using the highest quality materials so colours will remain bright and vibrant across their lifetime.

Entrance door in Rosewood

FRENCH AND PATIO DOORS

French and Patio Doors will transform, modernise and add value to your home, whilst you live in a lighter, brighter environment which will make you feel like there is more space.

Architecturally designed, precision-engineered French and Patio Doors make a stunning feature on any home with their beautiful contemporary designs. Smooth, easy glide operation allows smooth effortless opening.

Our market-leading, PVC-U panoramic doors are the ultimate choice when you want full and clear access to your garden, patio or terrace.

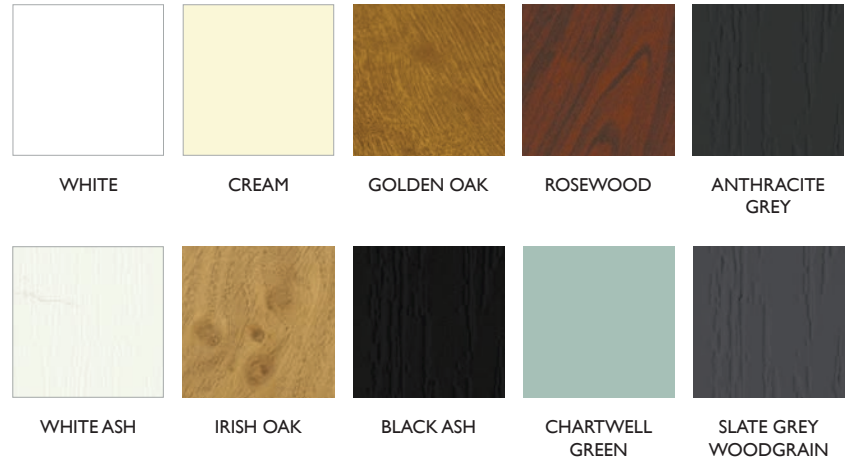

With ultra slim frames and clean lines, they bring you the space, comfort and low-maintenance luxury of modern living. Plus, they are available in a wide range of configurations designed to fit virtually any space, so you can turn your outside area or conservatory into a stunning centre piece.

With a wide range of frame colours to choose from there is something to suit every style of property whether you want to match your existing decor, or make a stylish contrast.

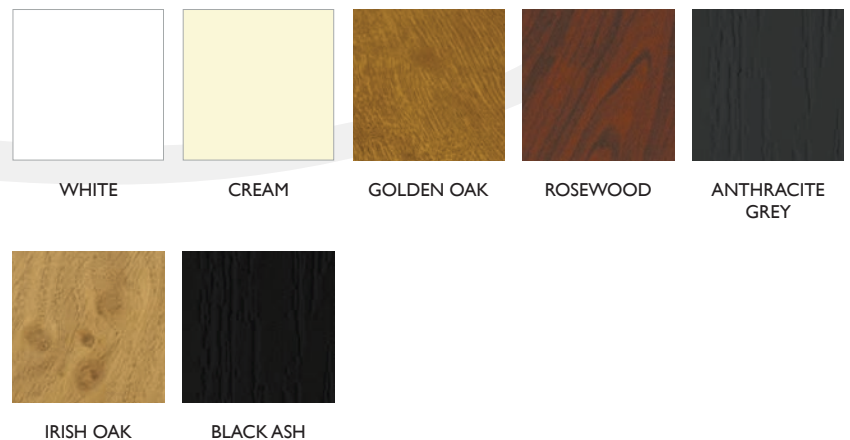

Ultimate energy-efficiency, high-tech triple weather seals keeping you free from draughts, bringing you peace, quiet and warmth!

Whatever door you choose, you can be safe in the knowledge that it has been manufactured and presented to the highest quality.

Bi-fold doors in white bring indoor and outdoor living together

The bi-folds are also easy to fit, thanks to a slim stepped outer frame which contains all the door hardware inside the frame, so there is no need to cut plaster already in your home or make alterations to make sure the doors fit. The stylish D-handles also make the doors easy to use so they fold back flatter, creating unimpeded views onto the garden or patio area.

Bi-fold doors in white add a stylish feel to your home
