59%
INCREASE IN DOOR THICKNESS
COMPARED TO A 44MM
COMPOSITE DOOR

GALACTIC
COLLECTION

The Galactic Collection of composite entrance doors offers you the ultimate in performance and style.

Behind the complementary range of colours and hardware is a door constructed using the very latest materials to give you a high performing energy and security door ensuring it not only looks good but makes your home safe and secure.

All doors are available in a huge range of RAL colours which have been inspired for this collection by the market leading Farrow & Ball.

FARROW&BALL

WHY CHOOSE THE GALACTIC COLLECTION?

1

A++ ENERGY RATED

50mm triple glazed units as standard along with 70mm thick door provides excellent all round energy performance.

2

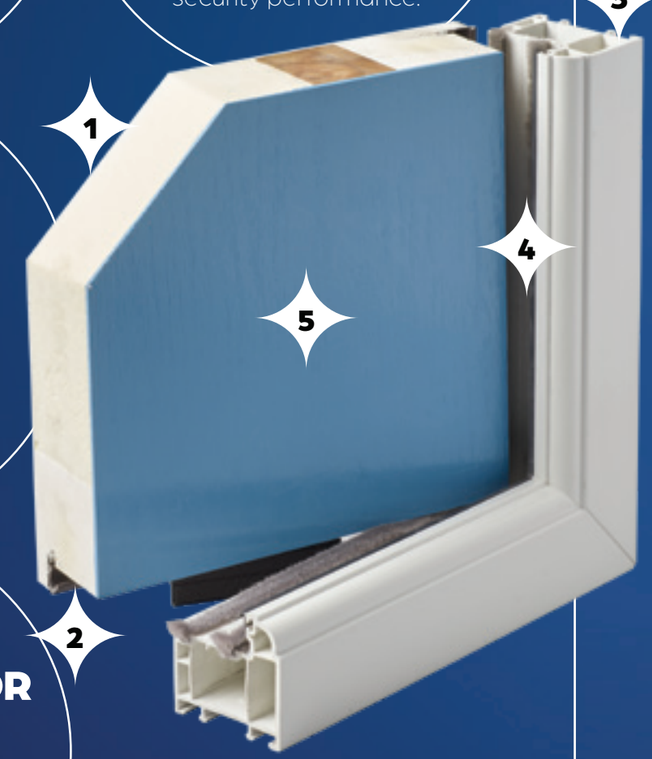

ENHANCED WEATHERING

The rebated door is standard on all designs. Providing an additional internal perimeter seal for enhanced weathering, thermal and security performance.

3

SECURED BY DESIGN

High performance multi-point locking and rebate hinges to all our doors, ensuring they pass the police backed accreditation.

59% THICKER COMPOSITE DOOR

4

Manufactured using a 70mm thick composite door, providing you with 17% more thermal efficiency than a traditional 44mm timber panelled door.

5

EXCLUSIVE COLOUR RANGE

Available in the Farrow & Ball range of colours.

GALACTIC
COLLECTION

A++

SAVE MONEY ON YOUR ENERGY BILLS

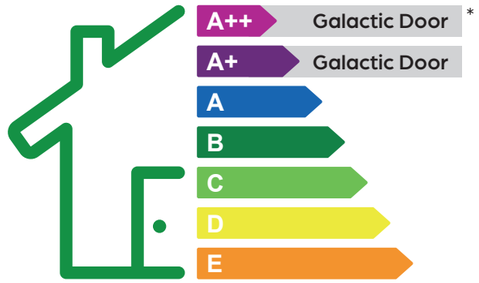

19%

MORE THERMALLY EFFICIENT
THAN A 48MM SOLID TIMBER CORE COMPOSITE DOOR

THERMAL EFFICIENCY

A Galactic GRP composite door is more energy efficient than a traditional timber door or a solid timber core composite door – fact!

These days, we all worry about how much energy our homes use. The rising cost of our energy bills and our impact on the environment mean we want to keep our consumption to a minimum. One of the best ways to do this is to choose thermally efficient products that keep warmth in and cold out, saving money and emissions.

* A++ energy rating on all doors apart from when a low aluminium threshold is required. This will drop the energy rating to A+

SAFE & SECURE

Feel reassured with a Galactic composite door, which is manufactured in accordance with Secured by Design, a police backed accreditation.

Secured by Design is the official UK police approval for security products that ensures they are designed, manufactured and tested within strict rigid guidelines.

70mm Rebated Triple Seal Design
The Galactic door is designed to improve security and performance. Our rebated design not only provides an additional weatherseal strip to enhance thermal and weathering performance, it also improves security too.

All doors are manufactured using a 59% thicker composite door instead of the traditional 44mm, enabling a triple sealing system and triple glazing on all doors.

Secured by Design
SBD
Official Police Security Initiative

THE EASY WAY TO CREATE YOUR DOOR

Your door is as individual as you are. We manufacture every composite door to your exact and bespoke requirements.

WHAT'S YOUR STYLE?
